Tibet Tech™ Prayer Wheels

*The Most Powerful, Useful, and Innovative
Tibetan Prayer Wheels in the World*

8-DVD Solar-Powered Prayer Wheel Instruction Manual

Introduction

Congratulations on your purchase of a solar-powered Tibet Tech™ Prayer Wheel. Over five years of research and development went into the design of your Tibet Tech™ prayer wheel to ensure its reliable operation and spiritual blessings. Your Tibet Tech prayer wheel is a powerful spiritual anecdote to war, suffering, and negativity. As prayer wheels rotate clockwise, Tibetan Buddhists believe that they radiate peace, kindness, and relief from suffering for all beings.

The new “modern” Tibet Tech prayer wheels are the first to use DVD optical disk prayer storage technology. The largest prayer wheel in Old Tibet contained 100,000,000 prayers printed on paper with hand-carved wood blocks. Tibet Tech™ Tibetan prayer wheels, created by Sakya Monastery of Tibetan Buddhism (www.sakya.org) in Seattle, Washington USA and Tibet Tech LLC, dwarf that, containing 84,348,750,000 prayers in the form of Sanskrit mantras. As the prayer wheels rotate clockwise, Tibetan Buddhists believe that they radiate peace, kindness, and relief from suffering for all beings. NOTE: the DVDs are not designed for audio or video use.

Buddhist texts teach that mindfully turning a prayer wheel produces the same merit and benefits as having recited the number of prayers (mantras) inside the prayer wheel multiplied by how many times the prayer wheel spins around. Each revolution of a Tibet Tech prayer wheel releases over 84 billion prayers. If you recited one prayer per second, it would take approximately 267 years to say 84 billion prayers!

His Holiness Jigdal Dagchen Sakya (Dagchen Rinpoche), one of the revered Tibetan Buddhist leaders, oversaw the design and construction of the prayer wheels and has blessed and consecrated all the DVDs used in Tibet Tech prayer wheels. Sakya leaders hold a position third only to His Holiness the Dalai Lama in rank.

Amplify Your Prayers

- Generate an almost incomprehensible number of prayers in a short amount of time.
- Billions of mantras on each DVD radiate happiness and healing for all beings.
- The most powerful, useful and innovative prayer wheels in the world.
- One of the simplest and most powerful Tibetan Buddhist spiritual practices
- All DVDs are blessed and consecrated.
- An antidote to the fear and war in the world today.
- Transforms your home and property into a very peaceful “Heaven on Earth.”
- The immeasurable benefits of the Prayer Wheel are best summed up in the words of Shakyamuni Buddha who said, “Turning the prayer wheel is better than listening, reflecting, and meditating for eons.”

Your Solar-powered Tibet Tech Prayer Wheel Contains 8 Prayers on 8 DVDs

The prayers in each Tibet Tech prayer wheel are blessed and consecrated by His Holiness Jigdal Dagchen Rinpoche. He has said that “as long as the Universe exists, the consecrated prayers will remain potent.”

On the top of the 8-DVD stack is a red circular paper cover (topper) with a mandala of the *Om Mani Padme Hum* mantra in the center. The mandala was painted by Lama Migmar, a monk who is Sakya Monastery of Tibetan Buddhism’s resident artist. On the other side of the topper (not accessible) is the Sky Wheel Mandala in color.

Each Tibet Tech prayer wheel includes 8 DVDs with eight magical and powerful prayers (Sanskrit mantras). The prayers are stacked from the bottom up, starting with the A-li mantra and so on up to the eighth mantra, the 100-syllable Vajrasattva mantra.

On the bottom of the 8-DVD stack is another circular paper cover. Facing up is the Earth Wheel Mandala in color (not accessible). The outlines of the Earth and Sky Wheel Mandalas were drawn by Lama Zopa Rinpoche¹, following the instructions of the Fourth Panchen Lama. Facing down is information on the prayers in the 8-DVD stack and contact information for Tibet Tech LLC. The stack of covers and DVDs are glued together to ensure that all components of the 8-DVD stack are kept in correct order. Around the circumference of the 8-DVD stack is the *Om Mani Padme Hum* mantra in traditional Tibetan script.

How to Assemble and Operate the 8-DVD Solar-powered Tibet Tech Prayer Wheel

1. Unpack the plastic circular turntable (left) and solar-powered base (right).

2. Carefully place the clear plastic turntable onto the center spindle of the solar-powered base.

3. Center the 8-DVD stack on the turntable. It is easiest to center the 8-DVD stack if you look down the center hole of the DVDs.

4. Insert the crystal finial with red "life-force" wood dowel base into the hole of the 8-DVD stack.

Locate the solar-powered turntable in a place where it will get sunlight or strong interior lighting.

5. The solar-powered turntable can also run with a standard AA battery. Arrow above points to the On-Off switch. Note: battery not included. When the battery is on, four blue lights will be seen on top of the base.

6. When the turntable starts to rotate, observe the direction it is rotating. According to Buddhist tradition, prayer wheels should rotate clockwise. If the turntable is rotating counter-clockwise, carefully put your finger on the bottom of the circular turntable under the 8-DVD stack; hold it gently for two seconds and then release. The turntable will then change direction and rotate clockwise.

Recitations, visualizations and contemplations to do while the prayer wheel rotates:

- Pray: "May all beings be happy. May all beings be free from suffering."
- Focus your thoughts on loving-kindness, equanimity, and the benefit of others, not oneself.
- Recite *Om Mani Padme Hum* (pronounced Hung). This six-syllable mantra of loving kindness and compassion strengthens our mind, brings the optimal intention to the spiritual practice, and increases the benefits to all sentient beings.
- Visualize beams of light, bright like the sun, radiating out from the prayer wheel in all directions, illuminating you and purifying your negative thoughts, destroying your negative karma and diseases. Then, visualize the beams of light bringing happiness to all beings and relieving them of their sufferings. All the negativity is absorbed into the prayer wheel and destroyed.

The power of the prayers is released and enhanced by your own mindful intention and your prayers for the happiness and relief of suffering of all beings.

NOTE: Mindfulness about the direction of rotation is important. Check on the prayer wheel regularly, especially in the morning to make sure it is rotating clockwise. If it is rotating counter-clockwise, hold the plastic turntable gently for two seconds and then release. The turntable will then change direction and rotate clockwise.
